

Do The Right Thing

Carbon Reduction and Monitoring

A look at the past 3 years
and into our future

“The future and the health of our communities depends on the sustainable work we do.

Our Environmental, Social Governance plan is known as “**Do the Right Thing**”, it outlines the full measures that the Group will take to embed sustainability.

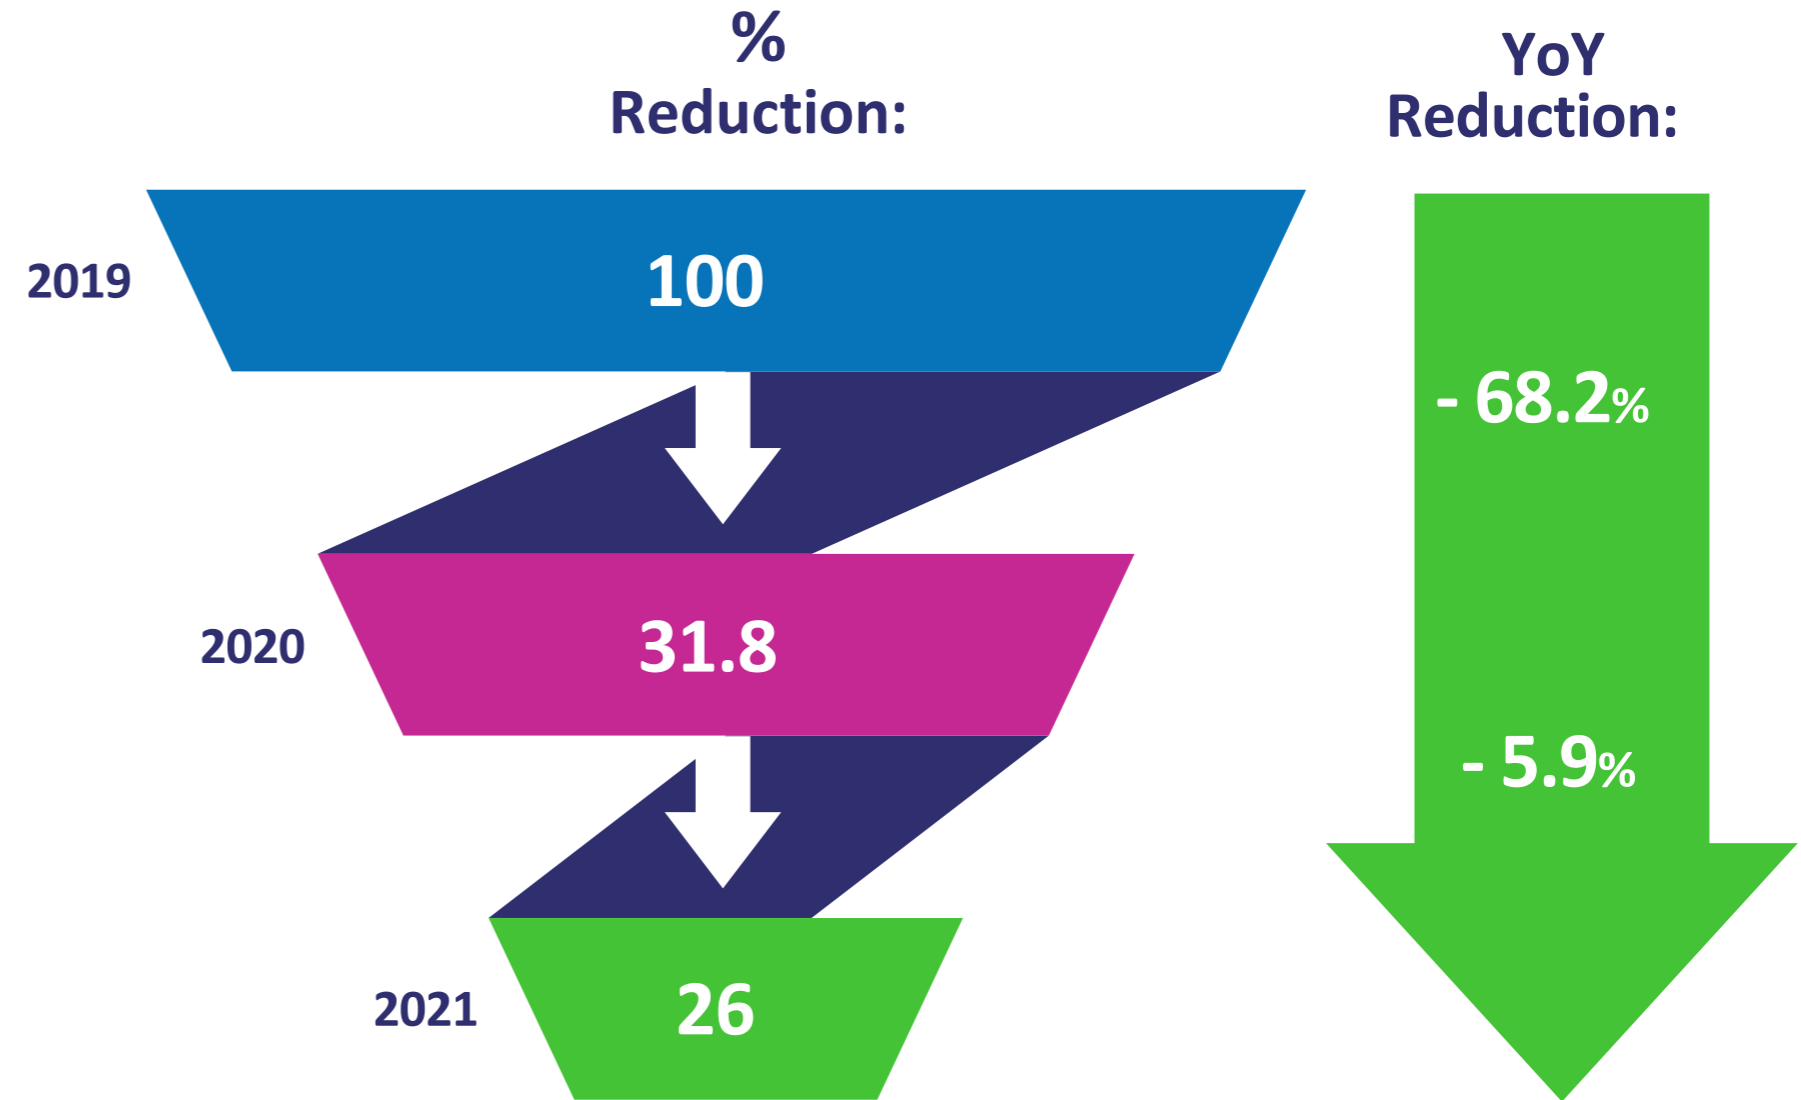

Sustainability is about operating in such a way as to secure longevity for people, planet, and profits.”

James Murphy
PAM Group CEO

Social values:

Operating responsibly is about doing the right thing for society and the environment.

It is also the right thing to do.

Our Promise: **We will do the right thing!**

“PAM Group will remain fully committed to helping its clients, colleagues and local communities **live better, healthier and happier lives**”.

Our Commitment to Do the Right Thing

Our social value plan and commitment to society prioritises our actions through **5 key areas:**

**Operating
Responsibly**

**Creating
Jobs**

**Being
Inclusive**

**Sustainability and
Environmental**

Wellbeing

Carbon management

PAM is committed to fulfilling its share of the global responsibility to keep temperature rise below 2 degrees and will continue to reduce its impact on air, land and water.

We will remain transparent

PAM will be transparent about our environmental and social impact. We will report on greenhouse gas emissions, waste and water usage, and the social and economic impact on communities.

We will be a good neighbour

Through open dialogue with local groups and businesses in the community, PAM will forge partnerships with local suppliers, community groups and educational settings. We will work to create jobs, provide voluntary hours, procure goods locally and provide health education.

We will drive economic strength & innovation

PAM will ensure sustainable profitability through the effective management of all processes. We are committed to complying with ISO45001, ISO9001, ISO14001, NHVAS accreditation supported by a continuous improvement culture and will ensure that all colleagues and suppliers through training and management support are helped to comply with these commitments.
